## **DETAILED ACTION**

### ***Allowable Subject Matter***

1. Claims 1-6, 8-11, 21-22 and 24-29 are allowed.
2. The following is an examiner's statement of reasons for allowance.

The prior art does not teach the stroller as recited in claims 1, 21-22 and 24-26, which include a latch mount coupled to a rear cross member, a basket comprising a frame rim pivotally coupled to the basket frame to allow the basket to move relative to the basket frame between a closed position and an open position. The stroller also includes a latch coupled to the basket to releasably engage the latch mount, when the basket is in the closed position. This recitation, in combination with the rest of the recited elements, clearly defines over the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
